[Your True Potential Within Reach](#)

Dear Future Supporter,

Reaching Out Now, Inc. (RON, Inc.) is a nonprofit 501(c)(3) organization dedicated to serving the youth of Warren County Public Schools. Our mission is to serve students and their families in need of support in the school system through engaged community partners and a volunteer network. Through our programs, we provide opportunities and new experiences for all involved to reach their full potential.

We have several focuses in our programs. Our largest **Service** program is the Linda Kroll Family Meal Program which is currently serving more than 80 families hot meals twice a week. Our Holiday Cheer and Giving Program raised over \$8,300.00 for local families for the holidays in 2020. This included granting E Wilson Morrison, Skyline Middle School, and Skyline High School each with checks for \$1,500.00 to use towards gifts for children in their care. Our **Leadership** programs are at the ready with a curriculum for our students in preparation of the reopening of in person sessions at the schools. Our **Empowerment** programs had the opportunity to show love to the faculty and staff at 3 of our local schools through Teacher Appreciation lunches in December.

We have many volunteers who are currently serving, and we have appreciated the support of Warren County Public Schools, several area businesses, and area churches. But our mission to reach our youth won't reach their maximum effectiveness until we have the backing of our entire community.

We are currently seeking to increase our sponsors and donations to help fund our 2021 - 2022 programs. **Would you consider partnering with us to positively support families in our community?** Attached to this letter is a summary of our guiding principles and primary programs, along with our pledge form with several options for how you help support our community programs. We would be honored to have you join us in our mission.

If you have any additional questions, please do not hesitate to contact us at (540) 692-6691 or email us at support@reachingoutnow.org, and we will be more than pleased to answer your questions. We look forward to hearing from you.

Please visit our website at www.reachingoutnow.org and like us on Facebook at @reachingoutnowva

Sincerest appreciation,

Samantha Barber
President/Founder RON

MISSION

Reaching Out Now supports under resourced youth to be the best version of themselves with preparedness to face the world with hope, purpose and optimism.

We serve students and their families in need of support in the school system through engaged community partners and a volunteer network. Through our programs, we provide opportunities and new experiences for all involved to reach their full potential.

We serve by implementing mentoring and community support programs. Our program promotes leadership growth and challenges students and families we serve to rise above life's experiences to become their best selves and provide unique opportunities for all volunteers to give to give back.

VISION

We will challenge those we serve to make confident decisions that will set them on a path to build the bridge that will lead them to a successful future.

TAGLINE

Your True Potential within Reach

PROGRAMS

LEADERSHIP

Girl of Destiny and LOTUS Boys Programs

Through leadership and empowerment, GoD supports female students and young women by empowering them to reach for success and rise up to life's challenges. The LOTUS program strengthens and develops the foundational skills and knowledge necessary for the emotional growth, development and academic success of male students.

SERVICE

Linda Kroll Family Meal Program

This supplemental meals program will provide support to families who are currently eligible for the Backpack Meals Program, through a partnership with Warren County Public schools, and Blue Ridge Technical Center's Head Chef and Culinary Arts Teacher, Devin Smith. These families will have the opportunity to receive dinners twice a week. Chef Devin will lead the weekly meal preparation and engage students enrolled in the Culinary Art II, C.T.E. program to assist.

Holiday Cheer 'n' Giving Community Project

This Holiday event will serve as an annual community service project where students in the Leadership Programs will support their peers and their families who need extra support. They will collect gifts in the form of monetary donations, sponsorships or gift cards. Donations received will be used to support families chosen by the schools.

EMPOWERMENT

Education and Family Outreach

This program will work with the public school system to develop new initiatives and empower students to recognize that their true potential extends beyond the classroom. We will strive to support teachers in and outside the classroom through initiatives that foster an ongoing positive learning environment. Events throughout the school year include: Career Day, Teacher Appreciation events, Empowerment Day & the Educational Roundtable. Each of these events will have a central focus of empowering our students through partnership with the schools and the community.
